

PERFIN 57 - Again! by Rosemary Smith.

Looking at Page 7, Bulletin 239 April 1989, it appeared that the perfin 57 identity was solved. However, at York Stamp fair I saw a 1/2d Jubilee with this perfin on a Trade Card coming from WALLACH BROS., 57 Gracechurch St. Wallach Bros are known as users of W41.1 & 41.4 WB. The number 57 appears to be the building number, but can anyone throw light on STERN BROS & WALLACH BROS who have the same address at roughly the same time?
